

Dear fellow horseman,

My name is David Russo and I am running for the Directorship of trainer/driver. I've been involved in harness racing my entire life, and most of it has been in the western New York area. For the past two years, I have been on the track committee representing the trainers, drivers and owners to try and insure a safe track. I would like to take that a step further and be the representative [OBJ*OBJ*OBJ] for even more issues and help to improve the quality and longevity of our racing. I can be found in the paddock most nights, and if elected, I will be approachable and ready to take on any issue that arises.

Thanks for your consideration and have a nice day

Be good

Do good

God bless
